Dedication

We, the Log Staff of 1948, sincerely dedicate this Log to our loyal and tolerant advisor, Miss Louise E. Sadler. Miss Sadler came to Feitshans High School in 1941. During these years, Miss Sadler has served not only as a teacher but as a guide and friend of the youth as well.

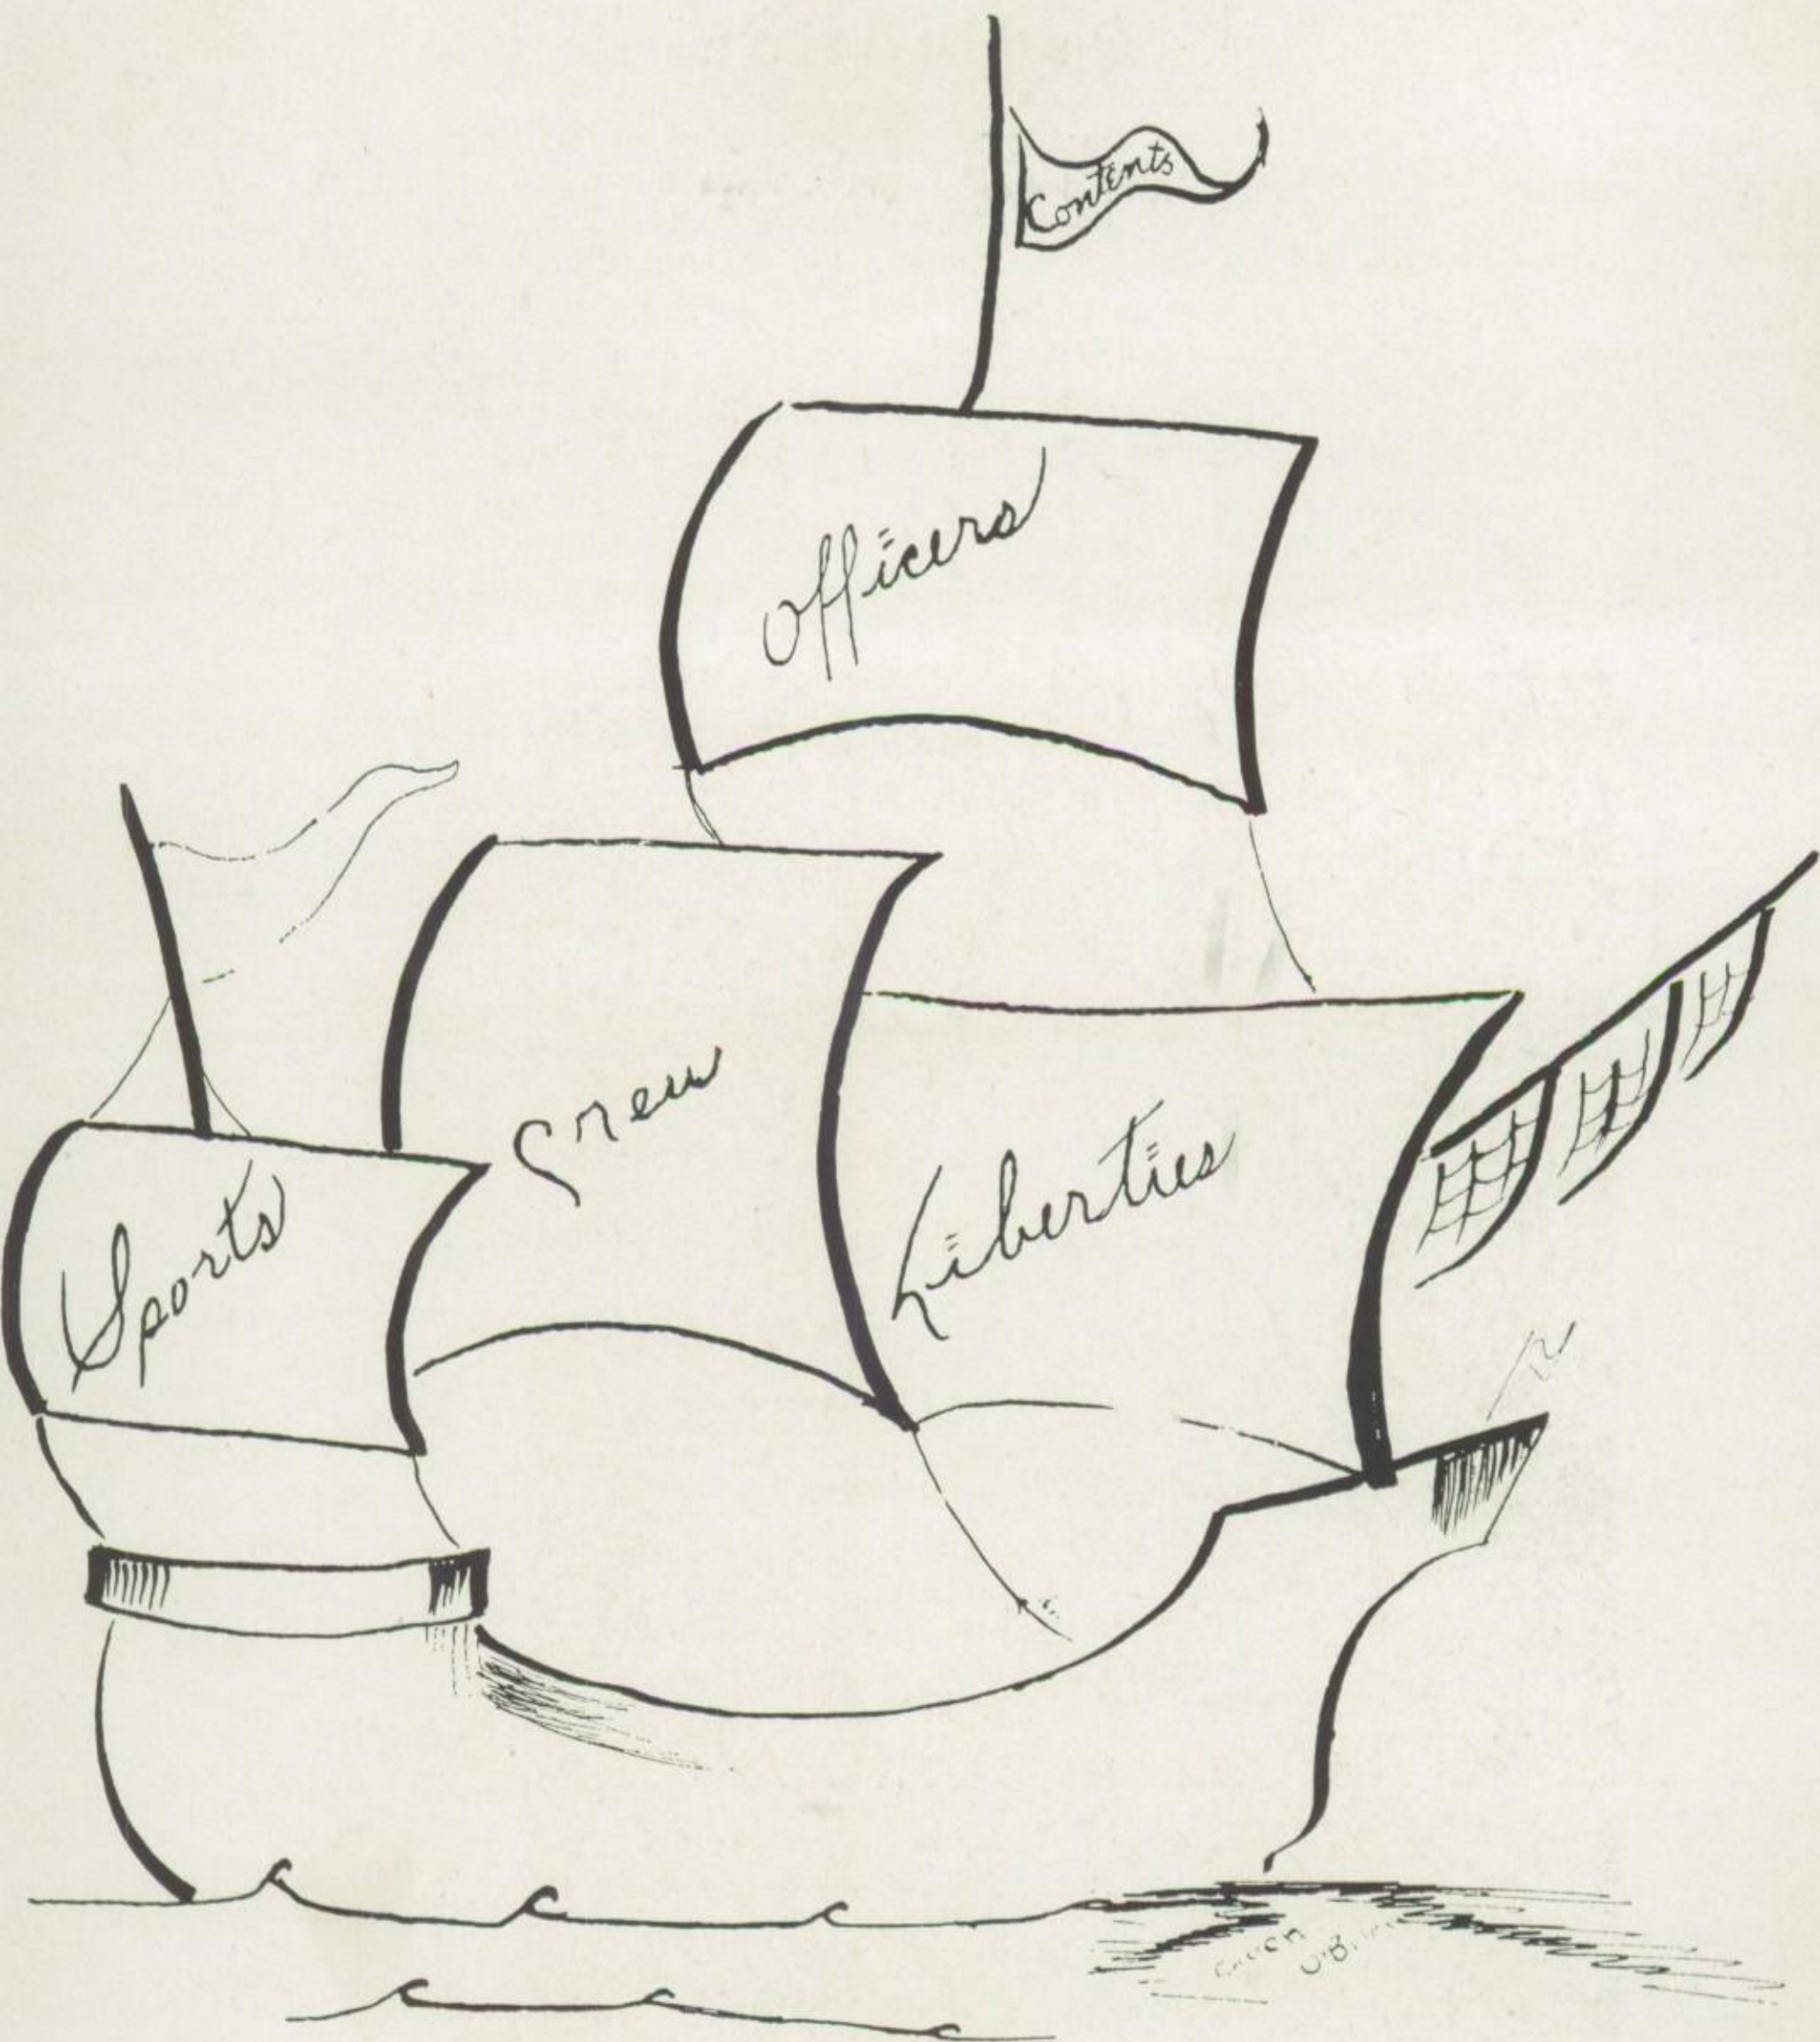

May her loyalty to the Blue and White inspire us all to "carry on" for our school the high ideals in which she truly believes.

Our Captain

The progress of Feitshans High reflects the wisdom and administrative ability of Mr. Nichols. Through his help and understanding Feitshans has achieved high goals and is still reaching higher. Mr. Nichols, our captain, is always on hand to advise, supervise, and intervene if he deems it necessary.

Executive Officers

EARL WAX

Assistant Principal

Dean of Boys

Maybe the first time you met Mr. Wax was when you registered at the beginning of the year. Or it may be that you really came to know him through a man-to-man talk which cured your case of wanderlust or spring fever. Nevertheless, we all think he's one fine person.

MISS ELIZABETH COGSWELL

Dean of Girls

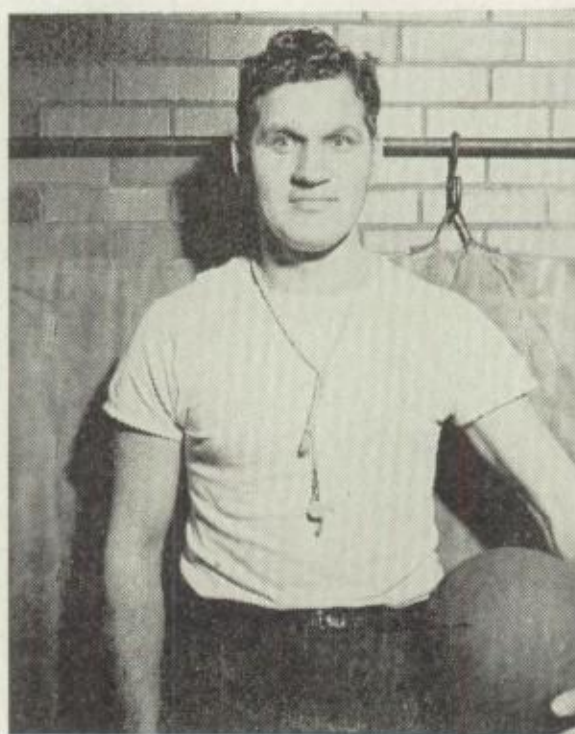

The work of teaching senior and remedial English pales beside the important job of counseling girls in trouble and aiding us in our choice of vocations and colleges.

OUR OFFICE STAFF

"Got sent to the office to
get an excuse,

Ho-hum— 4 p.m. —what's
the use?"

Did I hear someone ask
why our school runs so
efficiently? Did someone
ask why they couldn't stay
home and not be missed?
Well, just look in our office
sometimes and you will
find our secretary, Miss
Mountz, and Mrs. Helphin-
stine, our attendance clerk,
on their jobs.

G E O M E T R Y

GEOMETRY

"Given the sum of angles A, B, and C—
Say, just who invented geometry?"

Our school offers two semesters of plane geometry and one semester of solid geometry for those interested in more than a year of mathematics.

Plane geometry is fascinating with its study of intricate figures and patterns. One of our exhibits sent to the State Fair last year consisted of a poster of beautiful designs, carefully drawn and colored by plane geometry students.

ALGEBRA

"If $x = 5$ and $y = 3$,
What's the square root of ABC?"

Algebra is a most important subject for it is the stepping stone to higher mathematics. Freshmen are not the only ones to discover its value. You will find juniors and seniors as well as lower classmen sweating over algebra homework.

Algebra has many practical applications. Problems in measuring distances and time, the height and weight of various objects, surveying, ways algebra can be applied in grocery stores, all these are discussed in this useful subject.

ENGLISH

LANGUAGE

First person singular—"I or me,"
But I like it plural—"Let's say we."

Courses in Latin and Spanish are offered in our foreign language department.

In the second year Latin the students translate Caesar and Cicero.

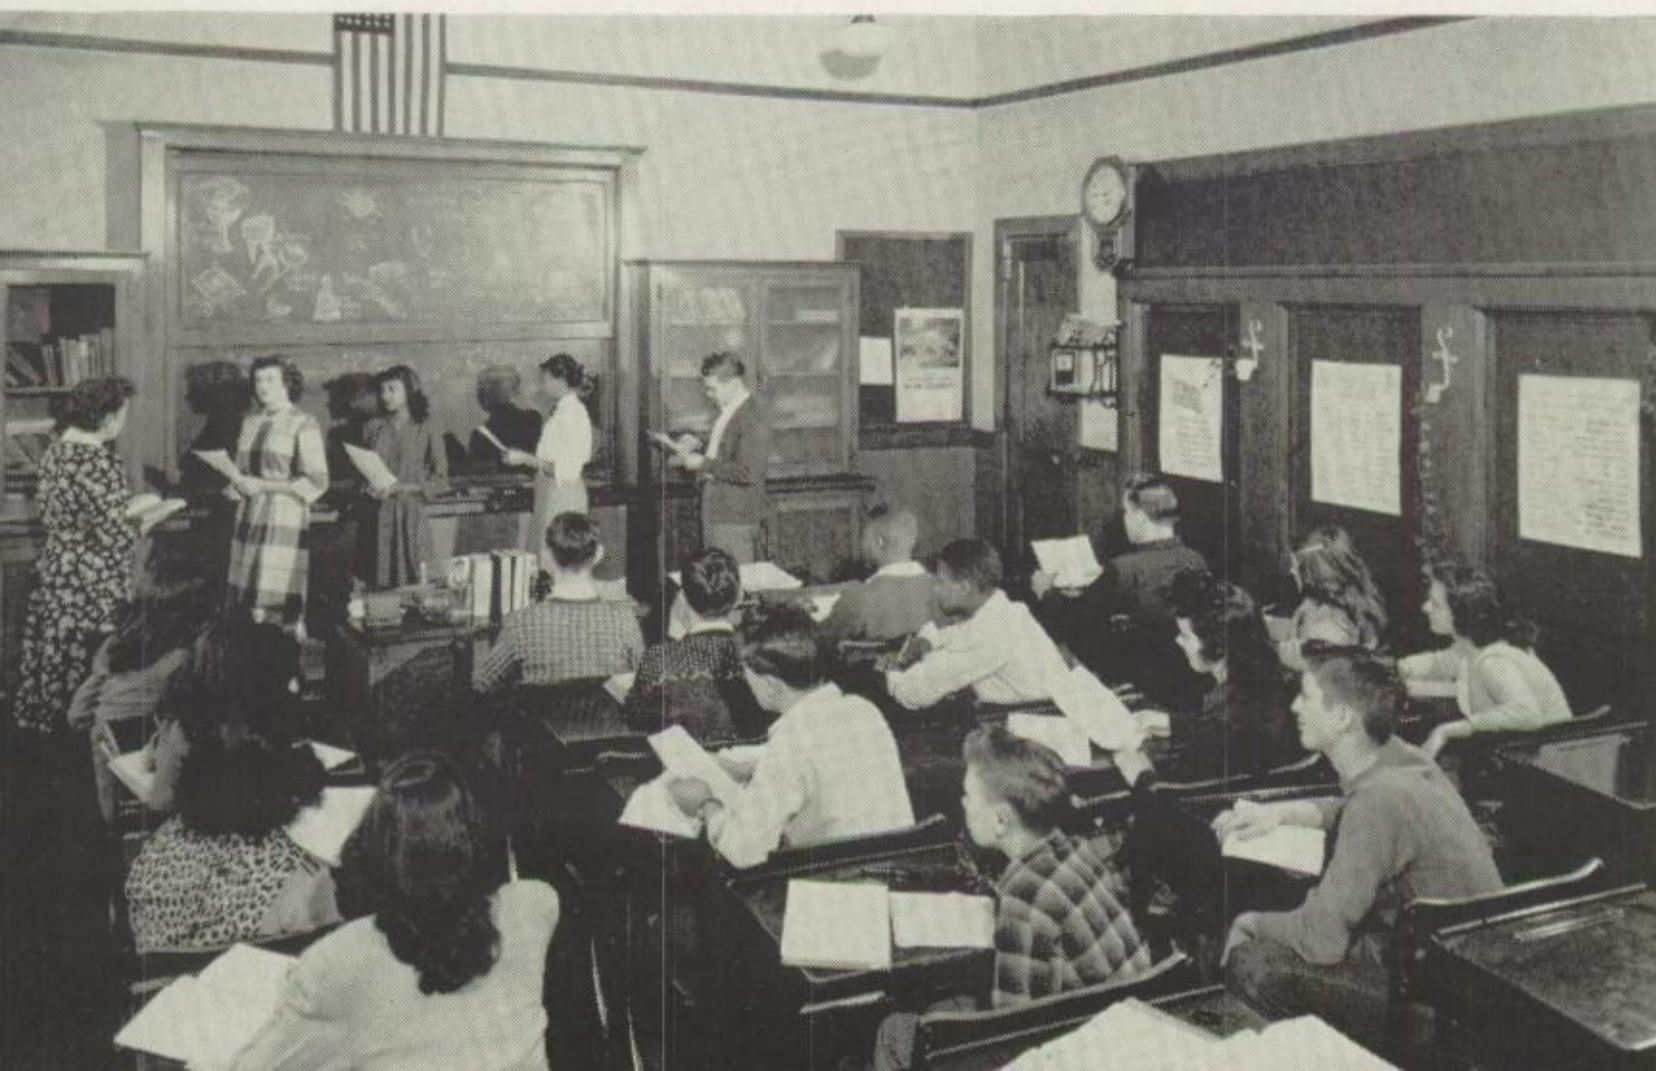

Spanish is popular at Feitshans. During the class no one is allowed to use any other language but Spanish, not even slang.

These classes are capably taught by Mrs. Prugger who visited Mexico a few summers ago, where she had an opportunity to use her Spanish.

ENGLISH

"We, the affirmative, insist and maintain
That the negative speeches got caught in the rain."

The Feitshans High School English department is the only department that teaches every single student in this school, until the close of the Junior year. As American educators believe, a person must have a thorough background of English. He should know how to express himself, both in writing and in speech; he should have a reading skill to maintain his knowledge of the world about him. To further this learning, the English department also offers a fourth year of imaginative writing and modern literature.

COMMERCE

"Would bookkeeping help me stretch my allowance?

Somehow the thing just never will balance."

Would you like to become a secretary? If so, be sure to take our new Office Practice course, which was taught for the first time this year by Mrs. Erickson. In this course you learn how to take dictation, how to file, and how to operate machines, such as the mimeograph, calculators, adding machines, and the Ediphone. You also learn interviewing.

In the commercial department you can take typing, shorthand, stenciling, tabulation, bookkeeping to help a secretary hold a good business position.

SOCIAL SCIENCE

"Keep alert! Watch social trends!

A world at peace is a world of friends."

Social Science includes the study of American and World History, Government, Law, and Geography, all of which are taught here at Feitshans. Why not plunge into these studies with all your might to help better social trends? Miss Pratt, Miss Cothren, Mr. Kenney, and Mr. Rowe will guide you in your attempts.

CHEMISTRY

"Plug your ears and hold your nose,
Sulphur dioxide—thar she blows!"

Is the school on fire? Who's burning rubber? These and various other comments may be heard when the chemistry class starts experimenting. However, genius should not be discouraged. Who knows, maybe another atomic bomb will be discovered?

Mr. Ruff and Mr. Wax do an able job of keeping explosions down to a minimum and student interest up to the maximum.

GENERAL SCIENCE

"Trains use coal, cars need gas,
Explain how it's done or I'll never pass."

Our science department consists of classes in general science, biology, and physics. Although general science is the only required subject, the other three classes are well filled because of the interesting work done in them. It is left to five people to see to that: no others than Miss Sutton, Mrs. Baumann, Miss Smith, Mr. Rowe, and Mr. Ruff.

MECHANICAL DRAWING

**"Thirty straight lines going forty different ways;
Mechanical drawing leaves me in a daze."**

There are promises of future draftsmen and contractors in Mr. Heiden's mechanical drawing and blueprinting classes. Some of these boys are just as much an artist as some of the students in the art classes, and they are just as painstaking. Some of the more advanced boys work with the skill of a master surgeon as they deftly manipulate their pencils and compasses on one of their "masterpieces" or a tracing for a blueprint.

WOODWORK

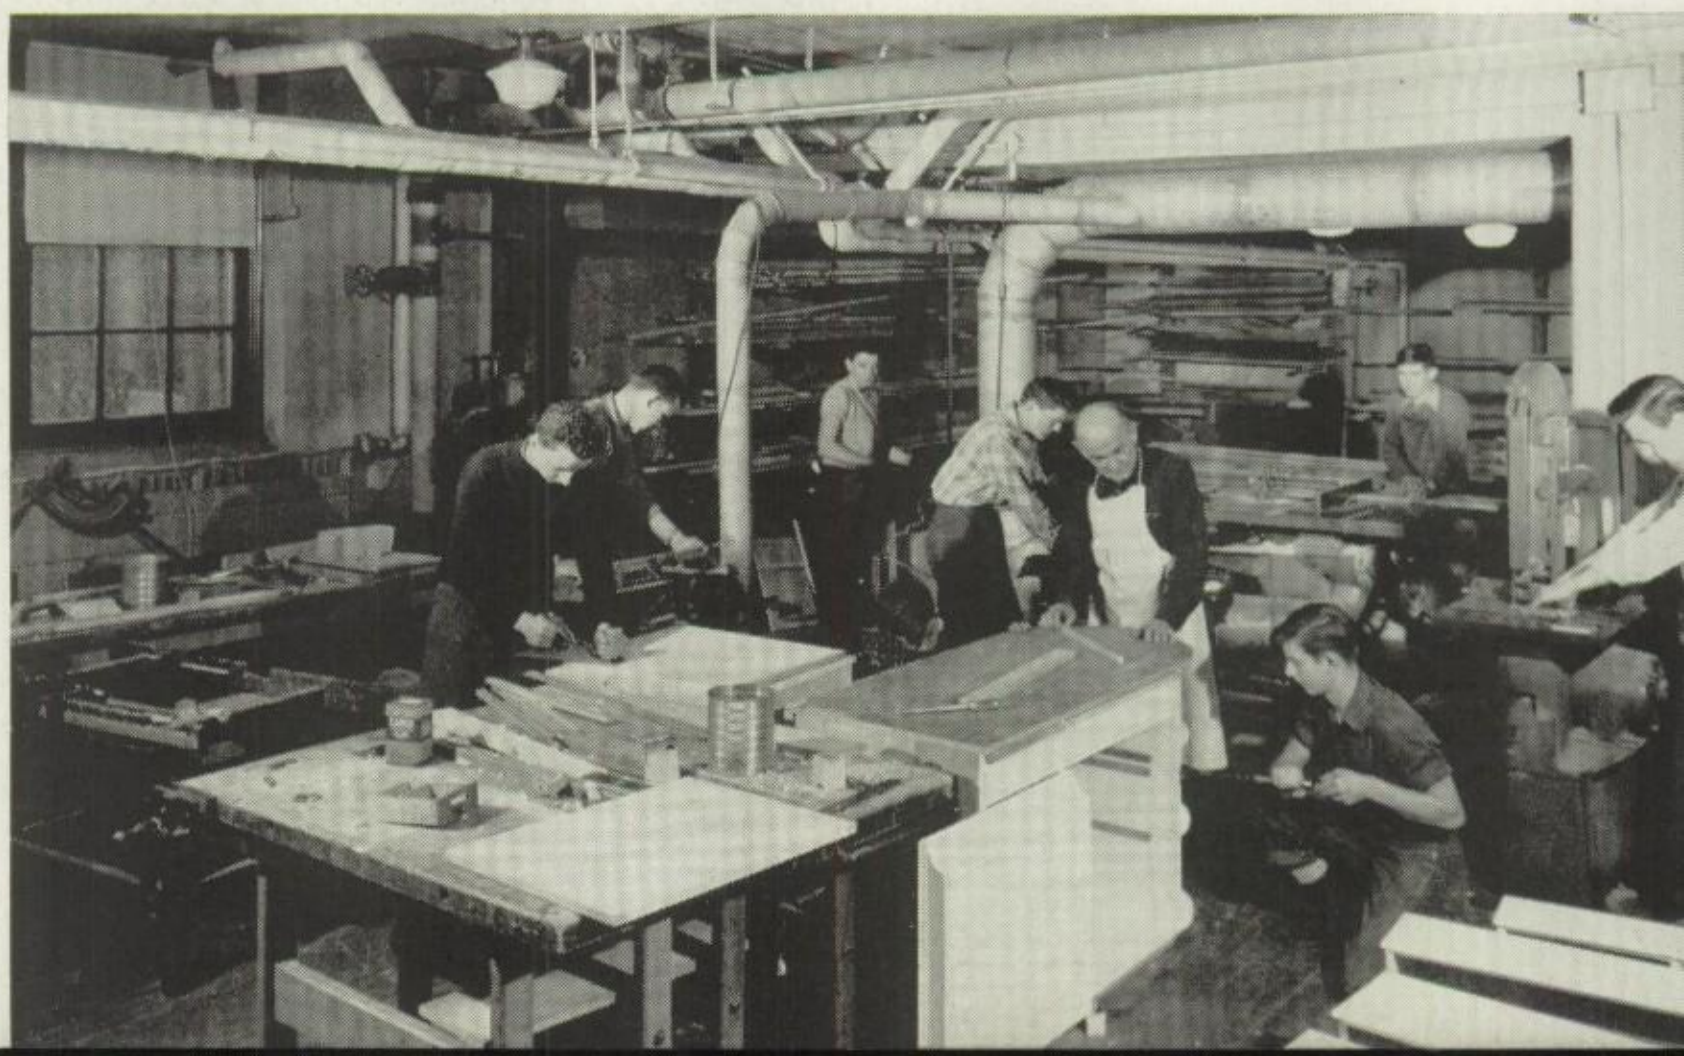

**"Do you want furniture, modern and good?
Here's where you come to make them of wood."**

Mr. Krebs encourages his students on to finer and more difficult pieces of work in his woodwork class.

In this class are future carpenters and contractors, and some boys who just want to make some extra pieces of furniture for their rooms or for their bunkhouses. Many fine pieces of furniture are made in these classes.

HOME ECONOMICS

**"Home-making, fun, food
Pies and cakes! oh, so good!"**

Home Economics helps the student to meet the needs of everyday life, for the strength of a nation depends on the health of its citizens. Girls are given training in cooking, planning a well-balanced meal, and how to serve it attractively. In the sewing classes we are taught how to dress well at a low cost by sewing for ourselves. Child development and family relationships are also studied in this department. Courses such as these train girls to become better homemakers.

ART

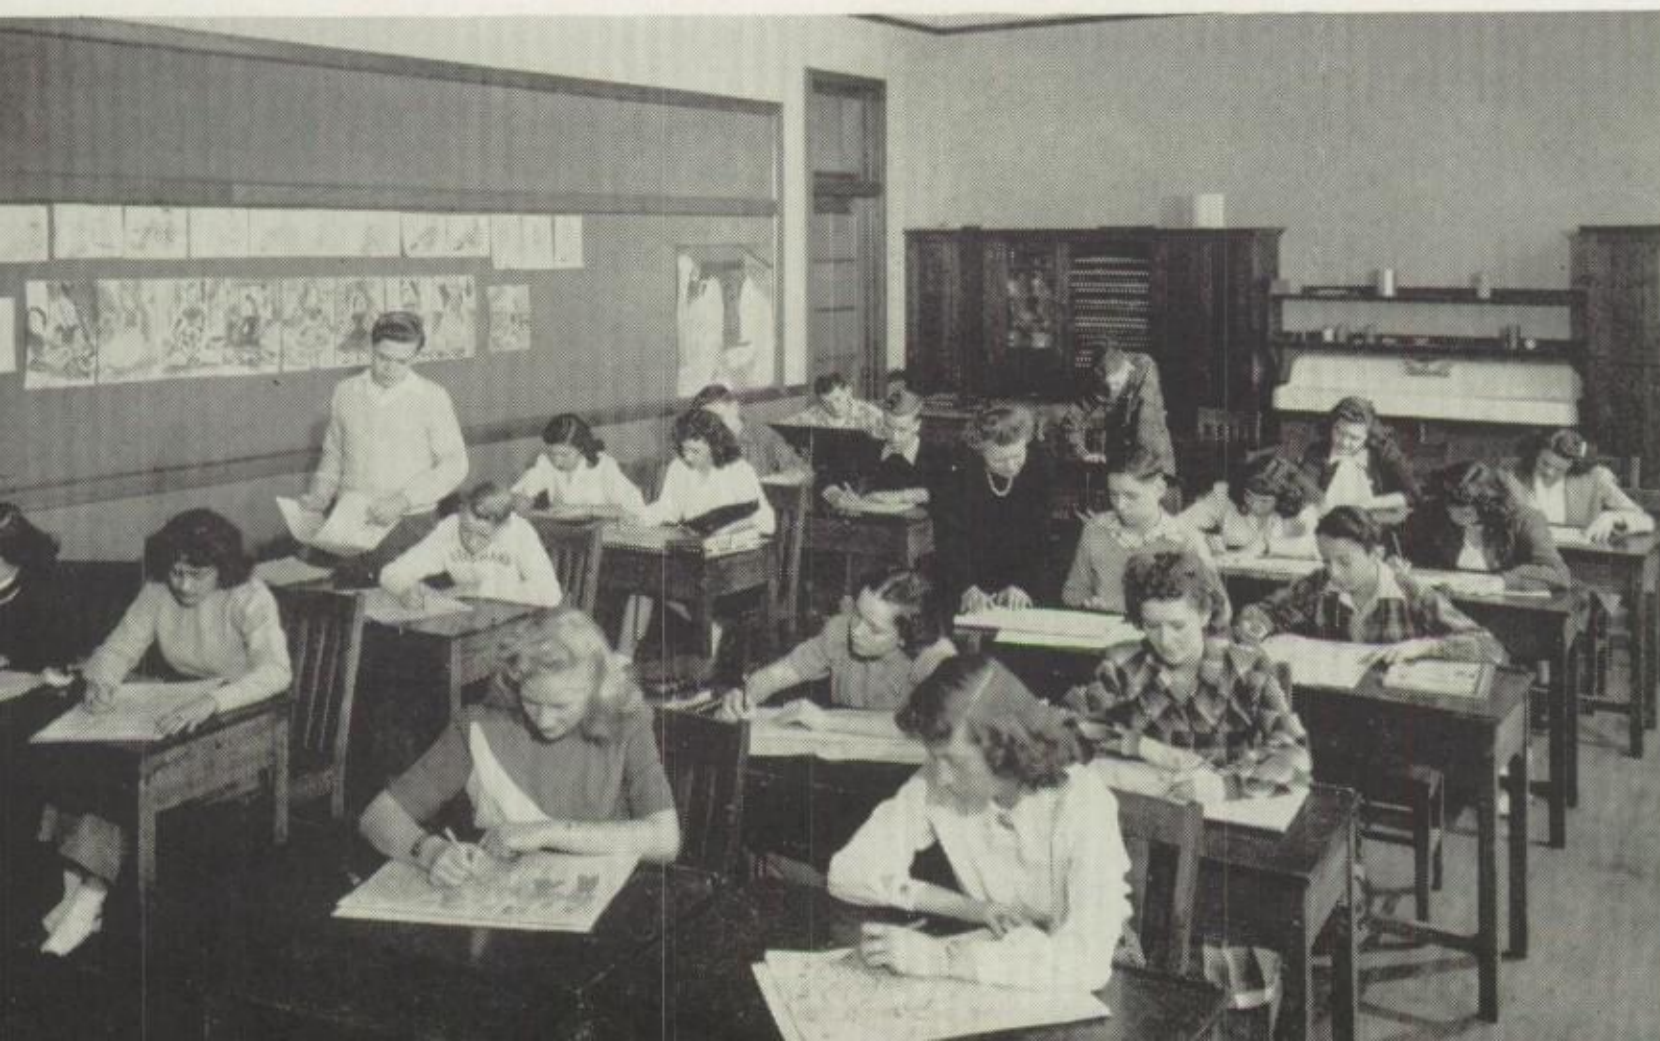

**"Dabbers in paint and paper and clay,
Expressing themselves right well, I'd say."**

The art department has become well known through the school for its eye-catching posters and decorations.

Under the leadership of Mrs. Roellig our art department has accomplished many skillful jobs and has produced a great number of breath taking displays.

The art department offers a wide variety of subjects to suit the individual's taste. These courses are ceramics, lettering, designing, figure drawing, water coloring, oil painting, and craft work.

Be sure to take advantage of our fine art classes.

AERONAUTICS

AERONAUTICS

"Flying so high,
They reach the sky."

Miss Peifer handles the aeronautics class, and the students who are air-minded welcome the opportunity to learn considerable about airplanes, weather observation, and many, many other things associated with aviation. Some of the former students of this class now have their private pilot's license and are enjoying being in the air. Perhaps some of those pictured above will soon be zooming the skyways in the near future. Who can tell?

LIBRARY

"Papers are quiet, there is no shirking,
In the library, everyone is working."

If you are in doubt as to how to spell pneumonia, or if the facts of Shakespeare are vague in your mind, please visit Mrs. Wheeler in our library. There, encyclopedias, dictionaries, and periodicals are found, besides fiction, biographies, and autobiographies which most students enjoy reading in their leisure time.

LIBRARY

CHORUS

CHORUS

"All songs sublime
They sing in time."

The beginning chorus groups are training classes for singing in the A Cappella Choir. They study theory and harmony. They did fine work during the year and sang in assemblies and for P.T.A.

INSTRUMENTAL MUSIC

"When they strut on parade,
They leave others in the shade."

Those blue notes of the beginner may mean headaches to some, but Mr. McCoy can recognize a diamond in the rough. His words of encouragement make a beginner try harder, and soon he has a finished product ready for the advanced band, the goal of all students in beginners' and second band.

INSTRUMENTAL MUSIC

GIRLS' PHYSICAL E.D.

GIRLS' P. E.

"Twist at the waist and touch your toe,
I lost ten pounds—but where did it go?"

Keeping physically fit is important as everyone knows. Miss Daly makes it easy for girls to do this by giving them a variety of games to play during the school year. Softball, volleyball, basketball, and badminton bring into play all of the various muscles of their bodies. As if this isn't enough, they have tumbling and stunts, too.

Miss Daly deserves a round of applause for encouraging the girls to take part in the G. A. A. by participating in bowling, basketball, or softball. Everyone appreciates the large amount of time she contributes to this growing organization.

BOYS' P. E.

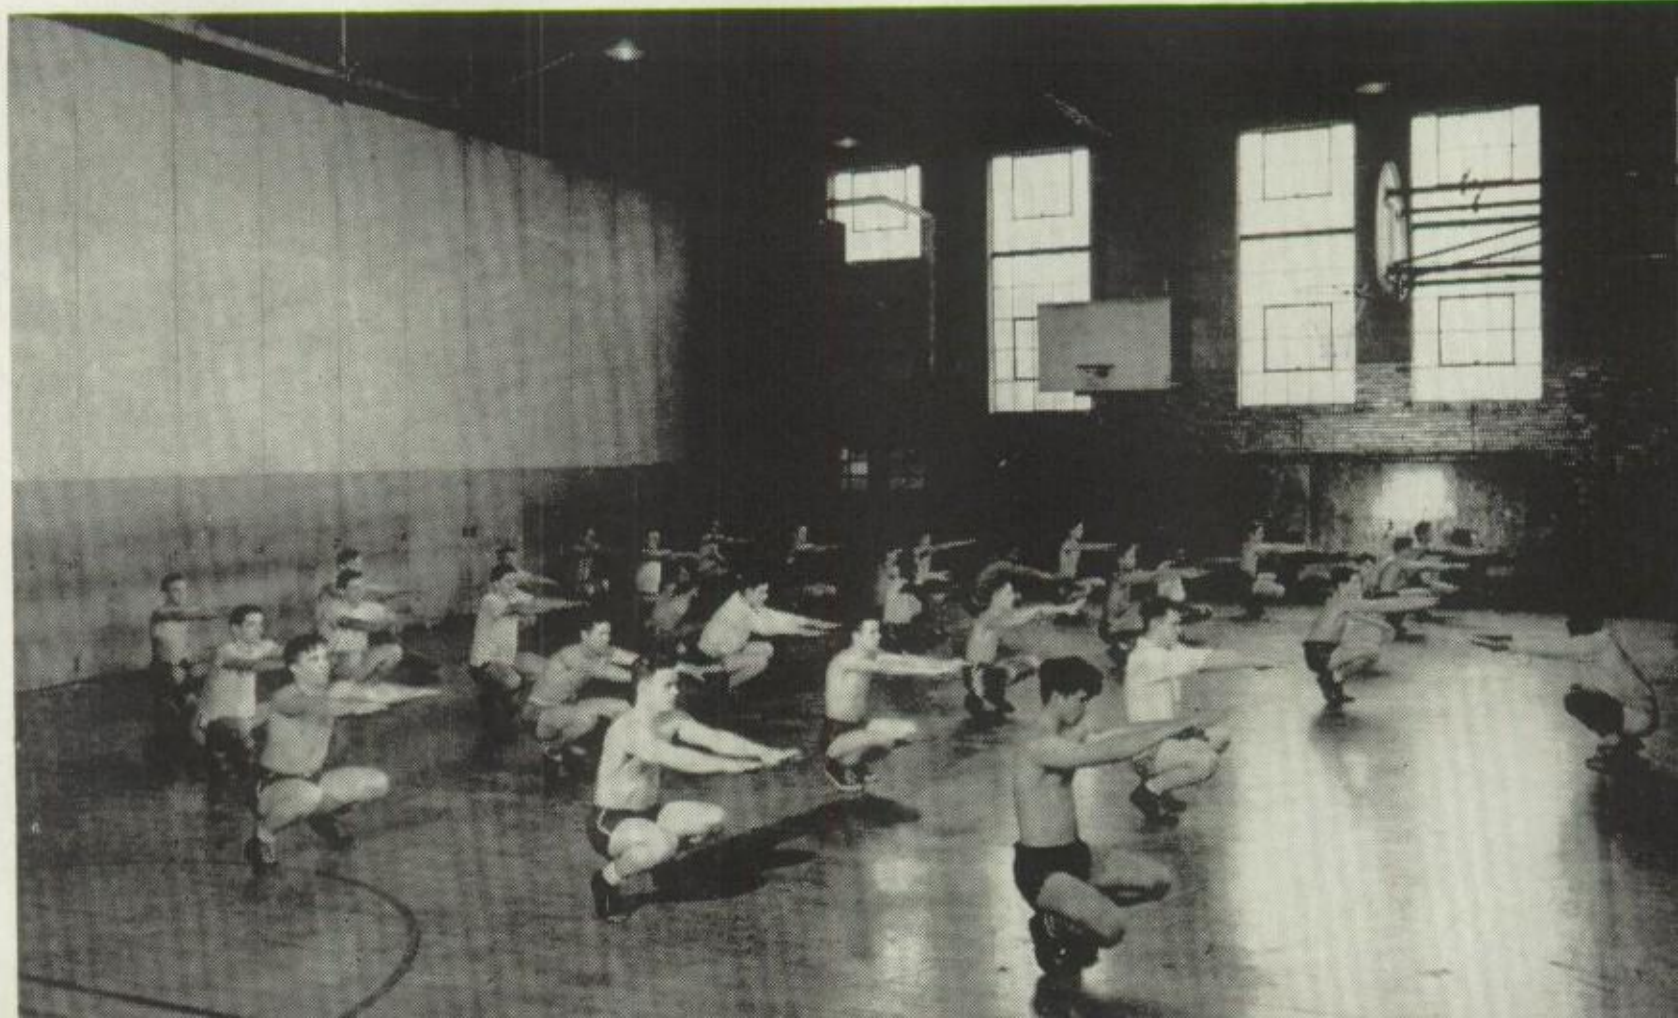

"One, two, three, four, up and down we go,
Boys' P. E. is a lot of work as our bulging muscles show."

Mr. Barniskis not only teaches the boys skill in basketball, football, volleyball, baseball, and soccer, but he teaches individual athletics and calisthenics as well.

Besides keeping the boys in good physical condition, he teaches them good sportsmanship and how to enjoy sports.

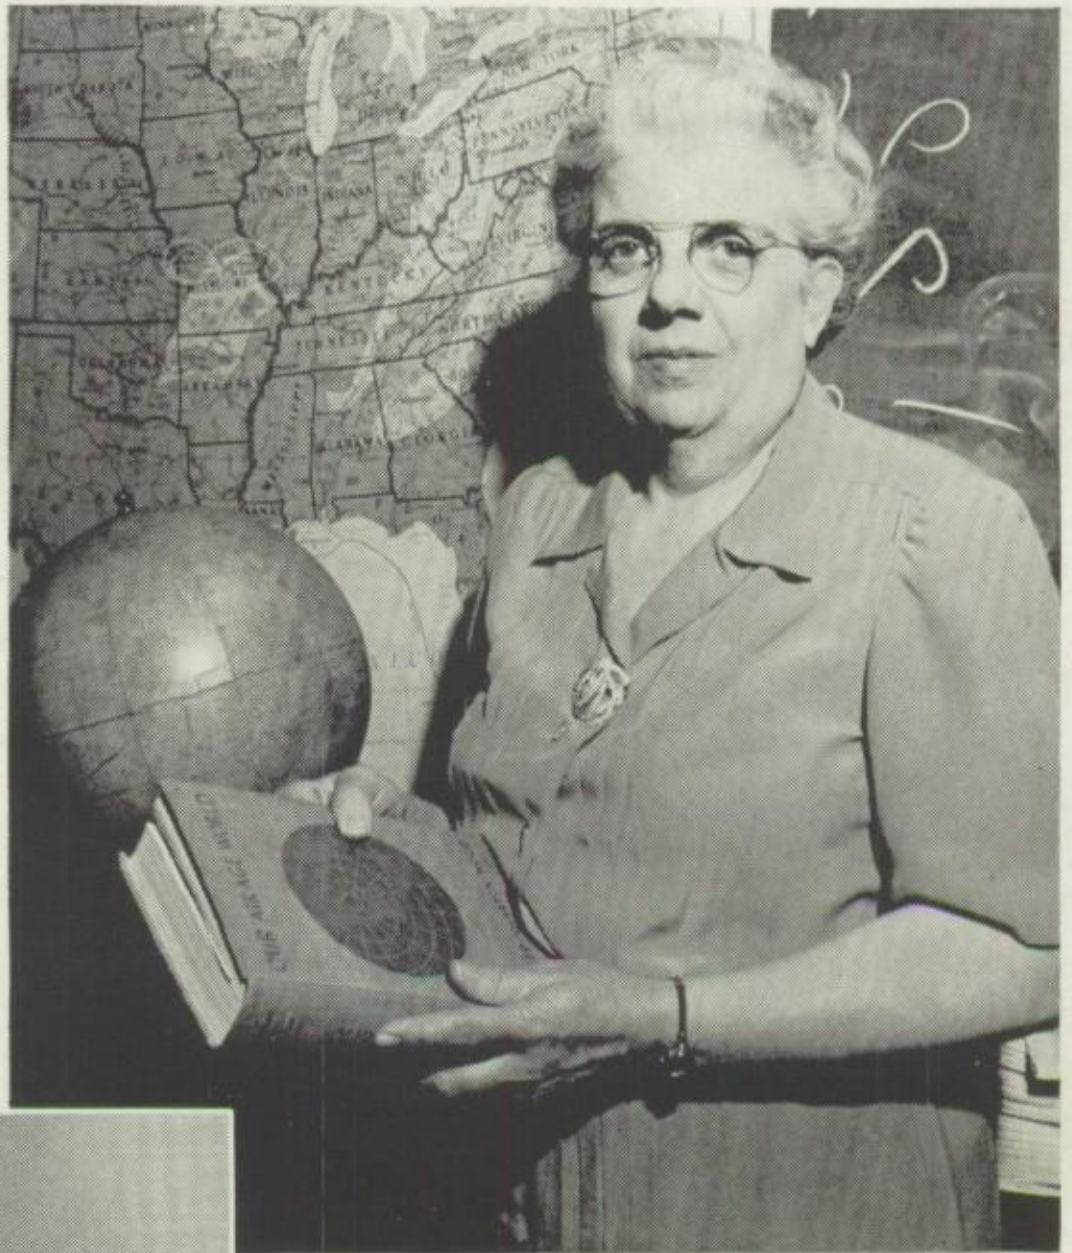

BOYS' PHYSICAL E.D.

In Memoriam

MISS ELIZABETH M. POLLOCK

On August 6, 1947, the many friends and fellow teachers of Miss Elizabeth M. Pollock were shocked and saddened by her sudden death after only a few hours' illness. Miss Pollock taught in Dubois Grade School several years. Since 1941, she taught global geography and general science in Feitshans High School. She will always be remembered for her excellent teaching, genuine interest in students, and for her friendliness to everyone.

MR. FREEMAN C. GOODWIN

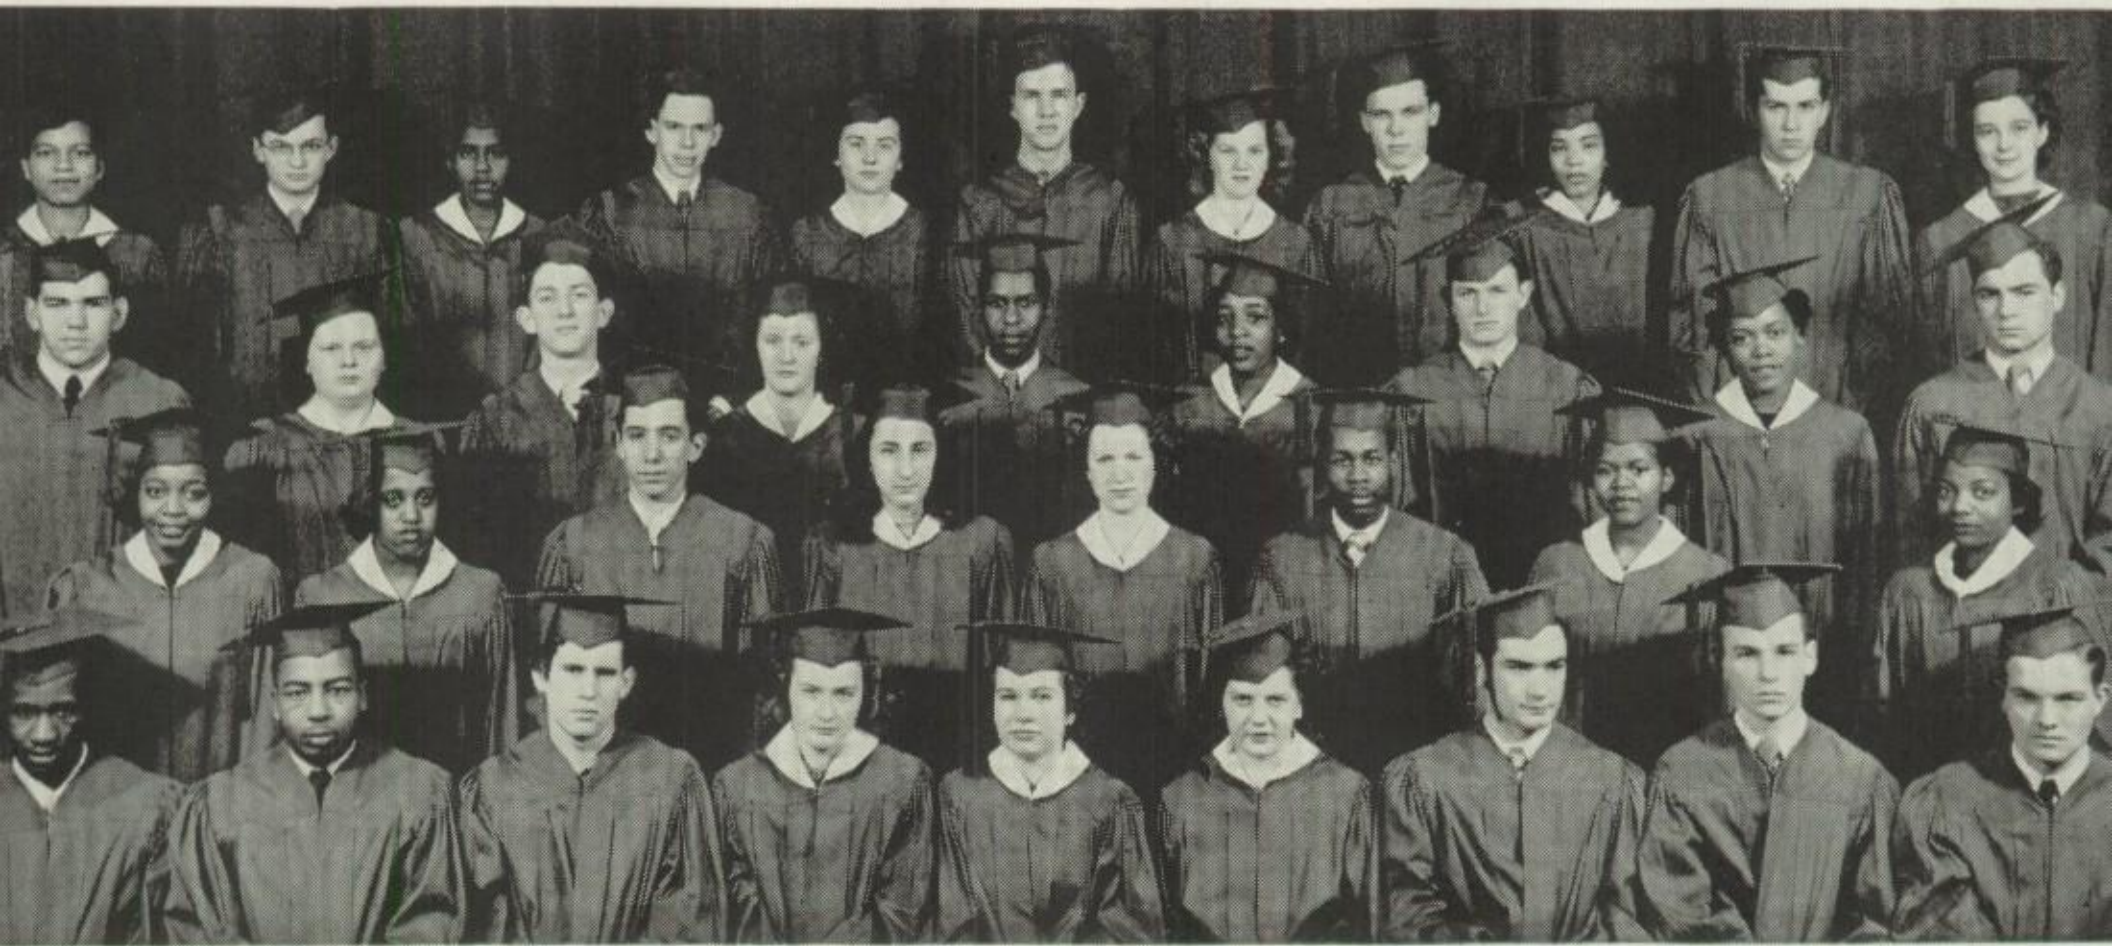

Our faculty suffered a great loss when Mr. Freeman C. Goodwin died on July 20, 1947 after a short illness. In Springfield, he first taught mathematics at Lanphier High School in 1935. In recent years he held classes in merchandising in all the high schools. He helped many students with their first work in stores and offices. His fine teaching and cheerfulness will never be forgotten by his many students and friends.

Seniors of '48—January

Mid-year graduating classes are usually small and this one was no exception. However, what it lacked in quantity it made up for in quality. It represented a cross-section of almost every activity in school. Many of the graduates were officers of clubs and members of various committees.

The president of the Student Council, three members of the basketball squad, the solo chair saxophone player in band, several members of the choir, all of these people are gone. Allied Youth, the Spanish Club, Hi-Y, and G. A. A. suffered many losses, too.

This class was also exceptionally intelligent. Its members worked hard enough so that over one-fourth of them made the National Honor society. This is a very high percentage. Those who wear the National Honor Society pins may well wear them proudly. They are a symbol of recognition for fine work.

Do not think that this class was nothing but bookworms, though. Its prom will long be remembered as one of the highlights of the year. Careful planning and diligence made it a success.

We hope that the members of this class will be as fortunate in finding happiness and success in their lives now as they were during their school years.

June graduation is always a big event. There is the usual last-minute rush, the unexpected homework, the inevitable final exams, the prom, the vesper services, the Junior-Senior banquet, the senior picnic, and, of course, graduation.

Graduation! This is the ceremony that officially marks the end of high school days for the senior class. As the class, all garbed alike, sit on the stage, it is hard to realize that graduation means a different set of hopes, dreams, and visions to each one. To some graduation means marriage, establishing a home and family. To others it means the end of all studying, and they will never again open a book. A few will help support their family. Some will take jobs which have a chance for promotion and a moderate amount of success. Some will take the first job they can get, thinking only of the present and their eager desire to make money. A minority of the class, still wanting to learn, will go to college. Some are doomed to oblivion, a few will rise to fame. Whatever your choice, we wish you luck.

FOOTBALL COACH EARL WAX

Football

This year at Feitshans we had a very successful football season in winning the Central Conference Championship and came through as city co-champs.

Our line was outstanding this year in opening holes for those hard driving backs to go through. Due to graduation the Flyers will lose Merrill, Ed. Smith, and McCoy out of the backfield, and Jim Smith and Richard Polic off the line; all first team men. But the team will be well balanced with many returning veterans.

Cheerleaders

School spirit is a major feature in the curriculum of every institution of learning and Feitshans is certainly not an exception. To promote this spirit, our cheerleaders have been present at every athletic event to urge our teams to victory and let me tell you, some mighty energetic urging took place on their part. We greatly appreciate their efforts in aiding the maintaining of high school spirit.

BASKETBALL COACH LEROY HALBERG

This year's basketball team wasn't as good as we expected it to be. We had some tough breaks and lost by some close scores. Our regional hopes were darkened when we lost three regulars, (Jack Glas, Bob Wallace, Midge Merrill) in January due to graduation.

We are hoping for a better record next year when we will have a few experienced freshmen and sophomores besides the seven letter winners who finished this season.

We had the distinction of having two boys, Jim Fox and Pete Urbas, named on the all-city teams and the W. T. A. X. team.

TRACK COACH WALT BARNISKIS

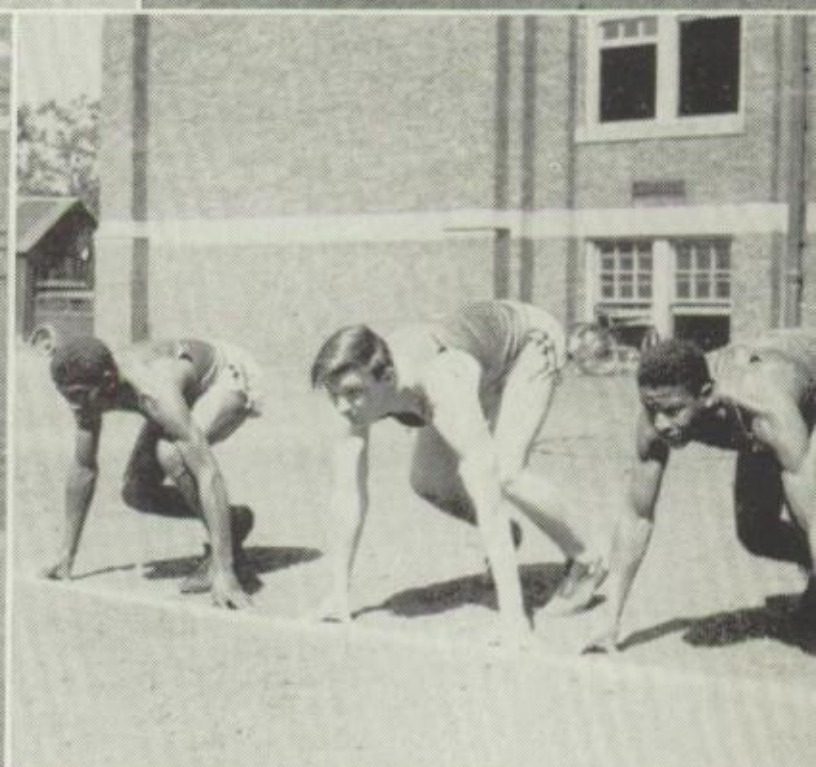

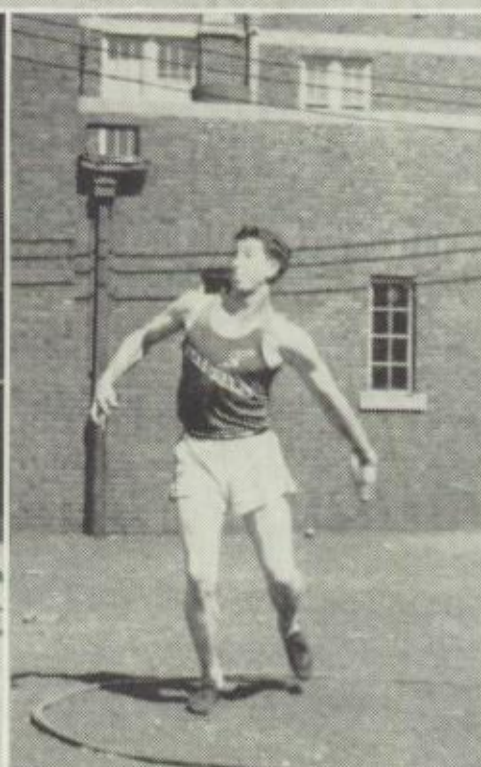

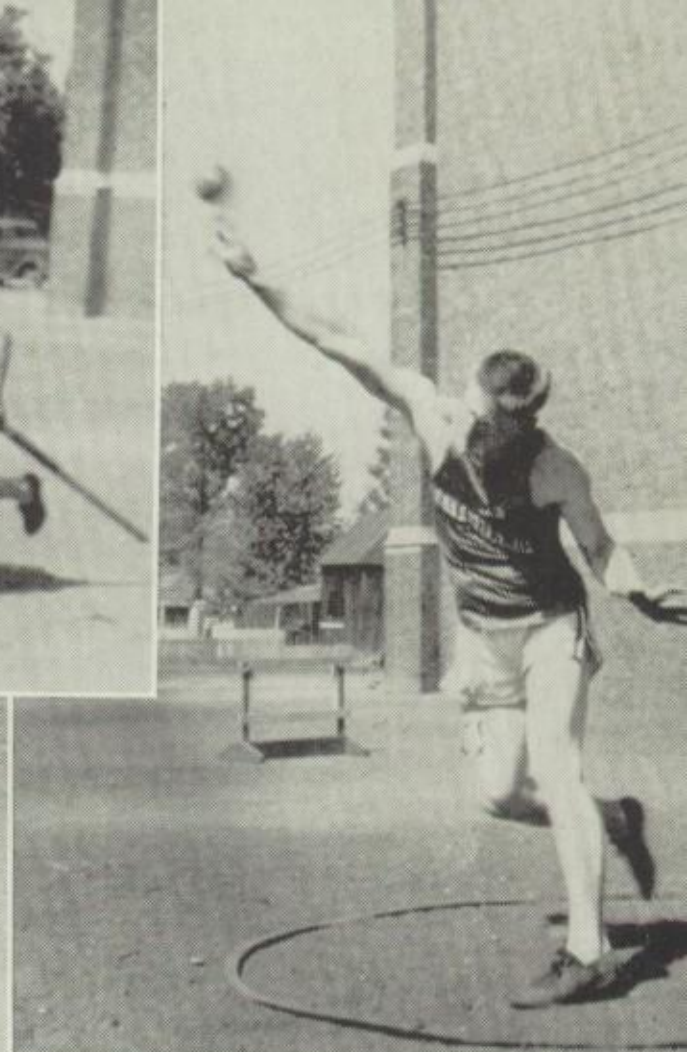

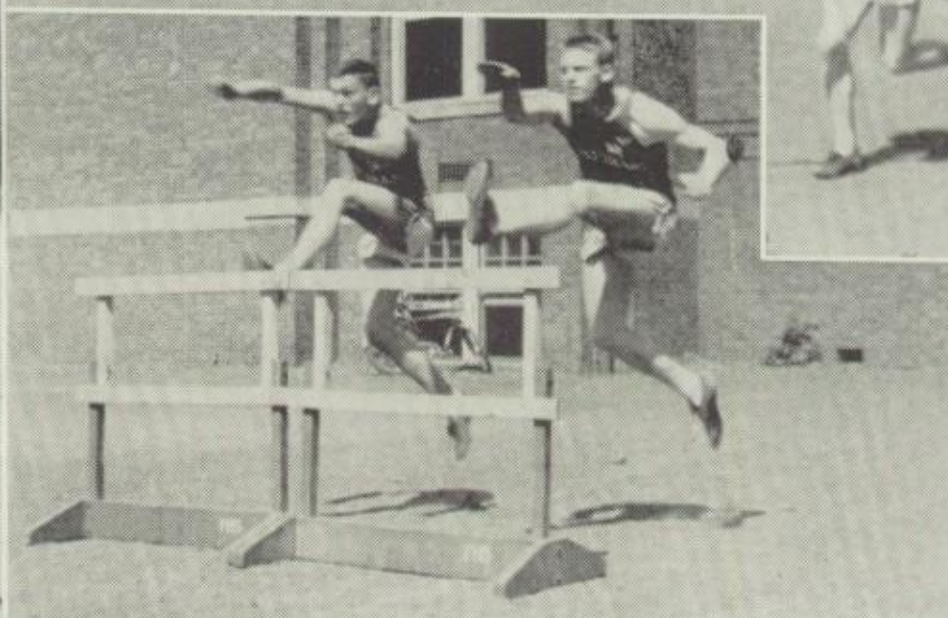

Our track team again was very good, as it has been for the last couple of years. We didn't have too much speed but we made up for it in our field events, where we were very strong.

The point getters this year seemed to be quite evenly divided with the main ones seeming to be: Cox, Johnson, McCoy, Smith, Pendleton, Griffith, and Drury.

We had a few outstanding freshmen in Hughes, Inkster, and Kuznik, who earned their varsity letter.

Our freshmen didn't do so well in the city meet but combined with the sophomores to take first at the Fresh-Soph meet at Kincaid. The varsity also brought home the Central Conference Championship and made a very good showing at the Pana Open Meet in the early part of April.

Baseball 1948

Our baseball team enjoyed a pretty fair season this year in winning seven and losing eight. A few losses were rather close. We could have used a few more hits and less errors.

The leading hitters were Nation with .356, Doerfler with .269, and Brown with .257.

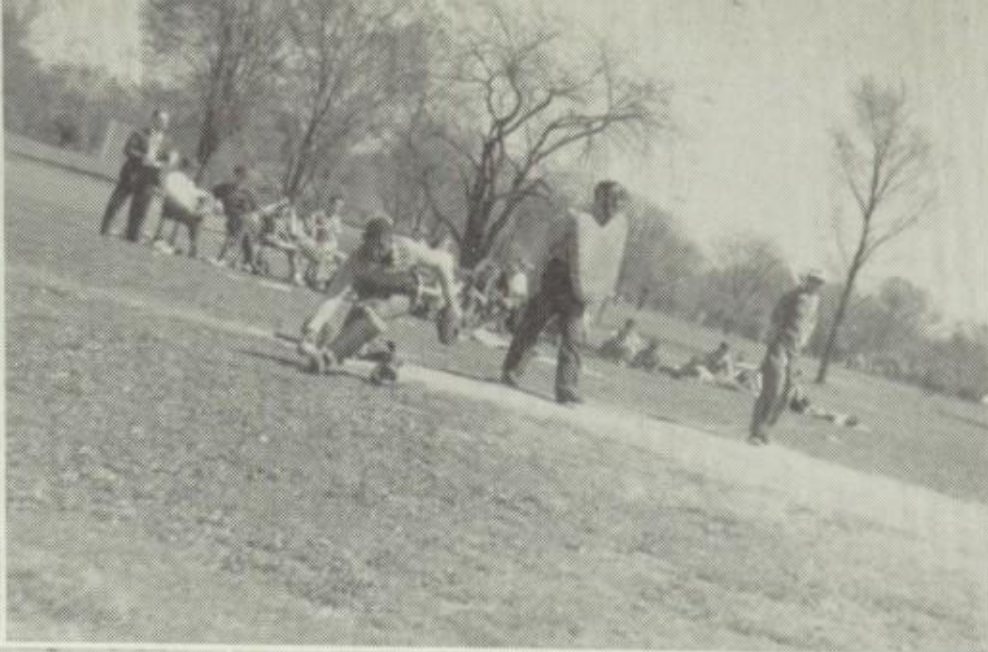

Urbas was the leading pitcher with a five and three record, while Bennett, a freshman hurler, won two and lost five.

Student Council

The Student Council is an admirable organization that helps in governing the school, making a success of school projects, solving problems, and working harmoniously with the faculty, P. T. A., and student body.

The Student Council consists of elected members from each home room and four appointees by Mr. Nichols.

The Council elected Pete Urbas as their president. Vice-president Tom O'Connor, secretary Jackie Jackson, and treasurer Bob Schilling were Pete's supporting officers.

The Council accomplished many things this year. They elected an assembly committee, a dance committee, sponsored several dances, printed a student directory, established a flower fund, arranged the opening of the basement cafeteria, planned assemblies, and suggested many new things.

Several members of the Student Council attended the State Convention of Student Councils at Peoria. Many helpful suggestions were given there.

Miss Peifer certainly deserves a pat on the back for the efficient work she has done with the Student Council.

National Honor Society

Betty Mahr, Doralyn Singleton, Elaine

Bettie Roth, Rosa Curtis.

"Orchids to you 'A's' and 'B's',
We are proud of folks like these."

The National Honor Society was organized by a group of high school principals for the purpose of stimulating greater interest in scholarship and in the development of character, leadership, and service. The F. H. S.

Chapter received its charter in 1938. To be eligible, a student must have a general average of "B" for his entire high school course, and must have received 3 semester "A's" and 3 semester "B's" in a major subject.

Melvin McCoy, Director

The advanced band is under the direction of Mr. Melvin McCoy. It plays for many of our school activities. The band, with the majorettes, lends color to the football games, carnival, and parades. Our band sent sixteen solos and ensembles to represent the school at the District

Music Contest held at Petersburg, winning nine first places. These entered the State Contest at Taylorville and won two firsts and six seconds. The band closed a successful year with their annual spring concert, a concert at Divernon, and the annual lawn concert at the P. T. A. ice cream social.

Y Teens

The Y Teens is an organization sponsored by the Y.W.C.A. to develop Christian character in teen age girls. They must be twelve to eighteen years of age and be willing to subscribe to the Y.W. ideals and purposes. Many

parties and dances are well planned and supervised during the year. The main event of the summer activities is Camp Week at Riverton. The officers are: Wanda Watkins, president; Catherine Hacker, secretary; and Ellen Best, treasurer.

Majorettes

Practice makes perfect for these three baton twirlers. The Majorettes strut their stuff. They lend color to all the appearances of the band.

Pat Horn, Jean Schneider, Helen Wanless.

A Cappella Choir

When they hear a sigh of relief and see a sweet smile spread over Miss Matlack's countenance, the choir knows that they have come through once again. But you can rest assured that behind their seemingly effortless performances the boys and girls have worked long and hard under their capable, efficient director, Miss Alice Matlack, to accomplish near perfection.

The lovely Spring Concert was just one of the many achievements of the choir. Why, do you know that they gave the First Radio Broadcast over F.M. in Springfield, and continued to give weekly programs until school was out, over W. T. A. X. (F.M.)? Well, we know it and you can bet we are surely proud of the fact!

The choir's performances during the year were highlighted by their lovely rendition of "Handel's Messiah" and their appearance at the Orpheum Theater for the I. E. A., where they sang before an audience of over three thousand. Max Eastman, the roving reporter of the Reader's Digest Magazine, and the guest speaker of the day, remarked that he had heard nothing finer by any group of high school students in New York!

The choir rounded out their year by giving one full assembly program, singing for the Graduation Exercises and for the Thanksgiving Program.

We realize that our choir is aiding in establishing a firm and lasting name for our school in Springfield.

GIRLS' CHOIR

The Girls' Choir is composed of fifty-five voices and has worked extremely hard to build up a good three part ensemble. Although they made no appearances this year, they did some exceptionally fine work under the direction of Miss Alice Matlack. Miss Matlack can well be proud of this fine vocal group.

SECOND A CAPPELLA CHOIR

The Second A Cappella Choir consists of sixty voices and serves as the training ground for the First A Cappella Choir. You can rest assured that the boys and girls that advance from this stepping-stone are admirable both in voice and character, all of which assures us of a finer and better A Cappella, of which Feitshans is very proud.

Usherettes

Girls of the Junior Class, approved by the teachers and with an average of C or over in school work are the only ones eligible to be in the Usherettes. These girls in bright formals usher for such school functions as the band concert, graduation, choir concert, and other activities.

These girls deserve much praise for their loyal, dependable work. Mrs. Haynes, acting as their advisor and seeing that the girls carry out their duties, certainly deserves "a pat on the back."

I might add that the girls certainly present a colorful picture as they usher in the guests for our public performances.

National Athletic Scholarship Society

"Let it rain, let it shine,
Honor students are here
all the time."

Ten boys, a larger number than usual, were taken into this organization this year. Members must earn at least one varsity letter and have a 3.5 scholarship average. The members have club pins and are honored annually in a Recognition Assembly.

Varsity Club

"Got a letter in football and one in track,
Two prize skinnners and a crick in my back."

The Varsity Club is composed of boys who have earned a varsity letter in one of the four major sports. It was formed to promote high morale and good fellowship among all squad

members and to encourage clean living, clean speech, and clean scholarship. This club meets once a month, and although the club doesn't have many activities, the one activity the whole membership loves and never misses is the initiation of new members — Oh, my aching back!

Allied Youth

President—Jim Smith

Vice-President—Clyde Drury

Secretary—Helen Cooley

Treasurer—Ramona Schmidt

The Feitshans Allied Youth Post, No. 346, organized in October, 1947, is a branch of the National Allied Youth Club which was formed in 1936.

This club has 70 members who meet bi-monthly for programs, games, dancing, and refreshments.

The Post carries on a program of alcohol

education and alcohol-free recreation, having as its aim and motto, "The liberation through education of the individual and society from the handicaps of beverage alcohol."

The first major activity carried out by the Allied Youth Post was the sponsoring of the Amateur Show. It was a great hit.

Assembly Committee

Assembly Committee: Bob Wallace, Miss Eddy, Barbara Keller, Miss Cothren, Betty Gilpin, Jack Pendleton.

ASSEMBLY COMMITTEE

Say, didn't we have some grand assemblies this year? But do you know to whom your thanks should go? Yes, those grand assemblies which you enjoyed this year were the direct responsibility of the assembly committee. At least one assembly was held each week and sometimes more. Variety—absolutely. The committee did an admirable job in bringing to the Student Body some outstanding talent. To the Assembly Committee goes the students' undying thanks and wishes for more wonderful assemblies.

Dance Committee

Dance Committee: Mr. Halberg, Charles Ream, Wanda Watkins, Jackie Scroggins, Mary Jane Furlong, Mrs. Erickson, Miss Ferreira.

DANCE COMMITTEE

We want a dance! When are we going to have a dance? These words heard by the Dance Committee immediately resulted in the staging of a dance by some organization or another.

The work of this Committee is to plan a convenient date for a dance and then to shop around for an organization to sponsor it—which is never too difficult for our dances usually turn out to be successful. The Committee itself doesn't stage any dances but acts only as a sort of agent between students and dance sponsors.

To our Dance Committee goes our deep appreciation and we say, "Keep up the good work!"

Spanish Club

"Plan to take a trip?
Pack a language grip."

No Me Olvides, meaning "Forget-Me-Not," is the official name of the Spanish Club. The club's flower is also a forget-me-not, and the club's colors are red, green, and white, the national colors of Mexico. The club's motto is "Poco a poco se va lejos" (Little by little one goes far).

The club encourages students to use oral Spanish. There are about nineteen members at present who meet to play Spanish games, talk Spanish, and have refreshments.

Back Row: Margaret Hughes, Nancy Dietrich, Alberta Hutchens, Phyllis Tomlinson, Pauline Reasno, Eloise Tutt.

Second Row: Floyd Pettit, Pat Ditmer, Virginia Tutt, Joanne Stevens, Barbara Burton, James Willis.

Front Row: Wilbert Rehwald, Thomas Hughes, Mrs. Prugger, Marlene Ryder, Howard Janet.

Hi-Y Club

The Hi-Y Club was reorganized about two years ago to develop cleaner sports and cleaner living among high school boys. It is mostly a social club for the entertainment of its members.

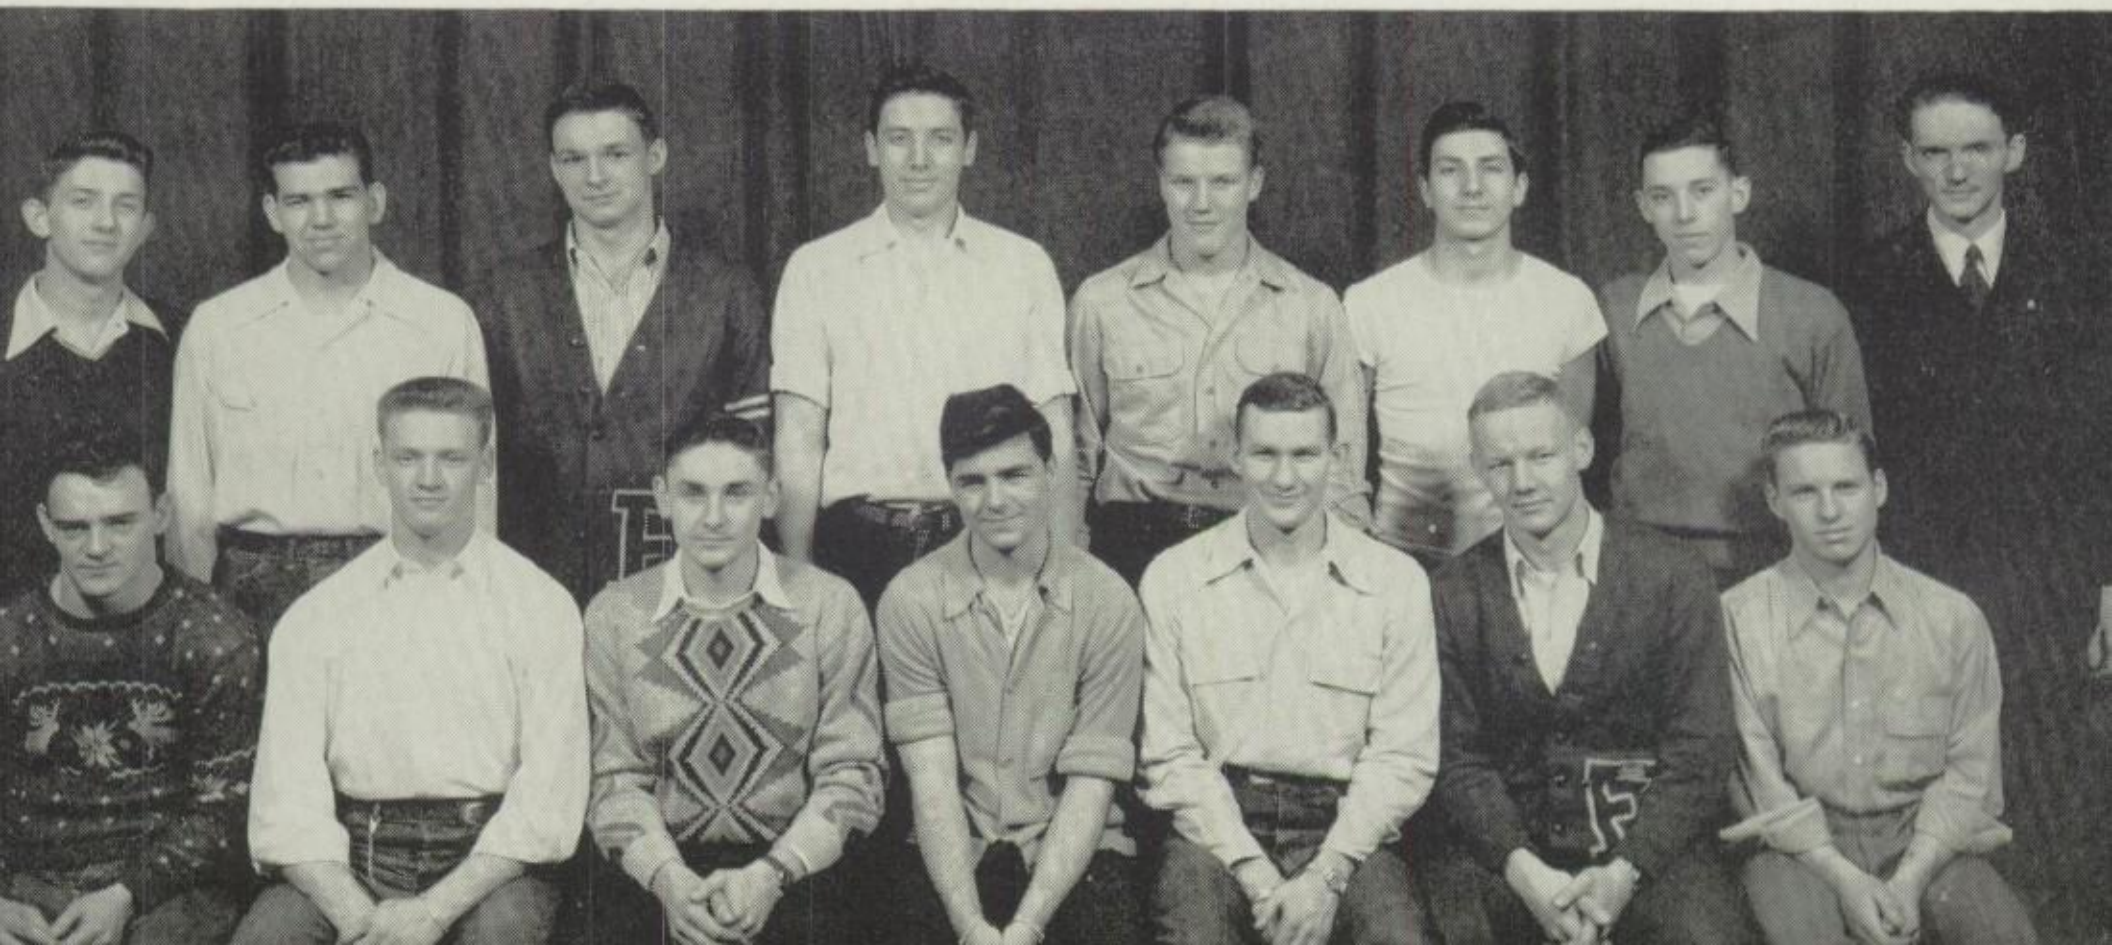

During the summer some of the Hi-Y boys go to Camp Seymour, the Hi-Y State camp, and

other camps for Hi-Y boys. The Feitshans branch also sends a couple of delegates to the national meeting of the Hi-Y Congress at Miami, Ohio.

The officers for this year were: President—Pete Urbas; Vice-President—Bill Fancher; Secretary—Ray Dexheimer; Treasurer—Jim Smith.

Back Row: Jack Glas, Bob Wallace, Clyde Drury, Jim Fox, John Hagaman, Bob Schilling, Bill Fancher, Mr. Kenny.

Front Row: John McCoy, Jack Pendleton, Pete Urbas, Richard Polic, Ray Dexheimer, Jim Smith, Charles Matuszki.

Home Room Leaders

The Home Room leaders are elected in the Home Rooms and conduct the Home Room meetings.

Back Row: Darrel Denton, Charles Isom, Jim Smith, Blue Polic, Wayne Meierhans, John Croenne, Dale Daniels, George Hughes.

Front Row: Gloria Santini, Delores Cook, Carol Follis, Barbara Burton, Shirley Jones, Marie Cole, Wanda Watkins.

Student Cafeteria Staff

Behind the good food and excellent service in the cafeteria, there is obviously a lot of hard work involved. In this work, the cooking and planning staff is very ably assisted by the Cafeteria Staff under the direction of Miss Rita Devlin.

This work gives a member a valuable knowledge of food and how to run a cash register or count change. It teaches the student to accept responsibility, for he learns to carry out his job to the best of his ability.

This group has an annual spring breakfast at Springfield High School.

Bill Fancher, Bob Stark, Cozy Cole, Grace Monkman, Barbara Lynard, Nedra Hargis, Elsie Smith, Peggy Riley, Doris Walker, Virginia Tutt, Norman Arnold, Ernest Neuber, Ray Sexton, Tom Murray, Wilbert Rehwald, Osmond Guy.

Cafeteria Staff

From what source comes that pleasant aroma that we begin to smell each day about 11:00? Why, everyone knows; it's the cafeteria. And who is at the bottom of it all? I mean the food. Why, our cafeteria staff, of course, to whom goes our undying thanks. To the ever-smiling, ever-gracious workers of the cafeteria we give a true salute.

Susan Franz, Clara Krug, Bertha Miller, Olivia Knight.

Mr. Steele, Mary Sanks, Mr. Green, Mr. Wolf, Mr. O'Neal.

Maintenance Staff

To the men and women who take care of the grounds and building go our deep appreciation. The tasks they perform are the essentials that bring about a well-organized system, and their seemingly tireless efforts are recognized by all. We are grateful to them for their help in providing us with a school of which we can be proud.

1948 Year Book Calendar

September

- 3 Mother Nature had no mercy and bestowed one of her hottest days upon us for the first day of school. To make it even worse, the girls seem to think there's a shortage of boys in their classes.
- 10 The first assembly of the year. We welcomed freshies and new comers to F.H.S.
- 12 Luck was against us in our first football game of the season. We lost to Peoria Central 14-0.
- 16 Student Council held their first meeting and elected their new officers: Jack Glas, President; Pete Urbas, Vice-Pres.; Jackie Jackson, Secretary; and Bob Schilling, Treasurer.
- 19 We elected our cheer leaders in assembly; Jackie Scroggins, Gwen O'Brien, and Evelyn Harmony, regulars; Carol Baugh and Donna Janazzo, alternates.

It was our first home game. We tied S.H.S. 6-6. Everyone was happy (except maybe Springfield).
- 23 A special assembly was called and Mr. Roy Bragg spoke to us on the subject of liquor and the teen-agers.
- 25 The band played at Stuart. This is the first in a series of appearances at the neighboring schools for the purpose of acquainting them with the band and the beginners band.
- 26 Pep Assembly, "To do everything in our power to beat Lanphier tomorrow night." Coach Wax introduced the football squad to the student body.
- 27 Our game with Lanphier. We won 21-12. Let's hope we can do the same next week with Cathedral.

October

- 3 First pay assembly. Mr. Loran Campbell showed us some of his magic while his wife, Catherine, also a ventriloquist,

brought on little Suzie who says John McCoy winked at her first.

Hurrah for the team! We won from Cathedral 13-0 and so tied Springfield for the **city title**.

- 8 We had a movie, "Dinner Party," showing correct dinner manners. Afterward Mr. Nichols told of our football records throughout the years and the cheer leaders gave several yells.
- 10 Game with Gillespie. Our luck temporarily deserted us and we lost 2-7. It was swell work though, boys.
- 17 We had a large assembly introducing the freshies to all teachers, clubs, and activities of the school.
Our second conference game. As Lady Luck smiled again, we won from Jacksonville 16-0.
- 23 We had a pay movie in the afternoon. It was called "Hero for a Day."

- 27 Twirp season began at F.H.S. This is the season in which "The Woman Is Requested To Pay."
- 30 Why such gloom around the school? Could be because we got our first term grades.
Our conference game with Clinton. We won 26-0.
- 31 "The Graveyard Hop" held in the school gym with Frankie Leonard's Orchestra. It was sponsored by the Student Council.

November

- 4 We held a vote of the student body to see if the majority wanted a separate '47-'48 yearbook. The returns brought in a large "Yea"!
- 7 We won our last conference game which was with Carlinville and thus the **Conference Title Championship in Football**.
